The name of the shiur is "Torah the source of Teshuvah", or "The tale of two desires".

We will attempt to understand the Gemora that says Teshuvah follows Binah.

This will be explained with a Nefesh Hachayim and a fascinating Midrash he brings.

The term Binah will be defined with a Gr"a and a Yerushalmi.

We will learn about two levels of Torah, a Divine level and a human one.

The divine level will be discussed on a superficial level.

Then we will learn about the connection between the two.

This will be followed by how the Divine level enables Teshuvah.

The practical aspects of this seemingly impractical level follow with a Mesilat
Yesharim and a Rabeinu Yonah.
